Weekly Report

Directorate of Administration

- The Office of Finance is making necessary adjustments to the Agency's payroll system to implement the recently legislated one-half percent increase in pay rates as well as the 8 percent decrease in the basic Federal Employees Group Life Insurance premium rates. Both changes are scheduled to become effective with the pay period beginning 13 May.
- Approximately 2,000 people visited the Headquarters Building during Family Visitation Day on 28 April. Families viewed a film on the Agency in the auditorium and visited displays and offices in the building.
- Installation of the new running track and Durathon rubber sports surface for the gymnasium and locker rooms has begun. This project will take approximately two weeks to complete.
- As part of our "excellence" efforts, the Office of Personnel Family and Employee Liaison Office (FELO) continues to expand its activities by conducting and participating in more training courses. At FELO's initiative, the CT Orientation and COS Seminar have been expanded to include spouses of the participants, and FELO itself manages the expanded sessions separately from the regular programs. FELO is also responsible for the recent running of the highly successful Spouse Seminar.

FELO is also responsible for the recent running of the highly successful Spouse Seminar.

h. A team of Agency reviewers has completed all but 107 archive boxes of the OSS records that were accessioned to the National Archives and Records Service (NARS). The reviewers have been tabbing documents mostly because of foreign liaison connections that should be cleared with the foreign government concerned before the documents are released to the public.

i. We are writing to the Office of Management and Budget (OMB) regarding the Agency's concern that income tax reimbursement and the use of a domestic relocation service has not yet been approved. With the upcoming summer moves, our employees will be missing a benefit if OMB doesn't soon approve policy and guidelines for implementation. OMB is being asked when we can expect implementation of these two benefits to take place.

k. A doctor from the Office of Medical Services made a presentation to the Agency Wang Users Group on "Health Factors Involved in Working with a CRT." This session was videotaped and will be catalogued and registered by the Office of Central Reference for distribution. We also plan to make this videotape available to anyone in the Agency Headquarters as well as overseas facilities. Health factors are of continuing concern to users of CRTs.
